Commencement of commercial production at New Plant in Punjab after Successful Completion of Trials

**New Plant Capacity – 12,000 tons p.a. taking overall capacity to
24,000 tons p.a.**

Mohali, 17th October, 2023: Pritika Engineering Components Limited (NSE: PRITIKA), established player in casting, catering to OEMs within the Tractor and Commercial Vehicle segments, announced that the Company, through its wholly owned subsidiary, Meeta Castings Limited, has started commercial production at its new plant, located in the Hoshiarpur district of Punjab.

The Company has commenced trial production in August, which were completed successfully. This facility will specialize more in higher weight products, thus increasing and adding value to the existing product suite.

Management Comment:

Commenting on this development, Mr. Harpreet S. Nibber, Managing Director, Pritika Engineering Components Limited said:

“I am pleased to share that we have achieved yet another milestone in our growth journey. The commencement of commercial production in our new plant, which has a capacity of 12,000 tonnes per annum, is a great step forward. This new capacity now takes our total capacity to 24,000 tonnes per annum. Our efforts will be towards increasing the utilization levels which will lead to higher production levels by the last quarter of this fiscal.

This development is a testament of our dedication towards growth and excellence. I thank and congratulate our entire team for this momentous achievement.”
